Dear Mr. Archer;

Thank you for your recent support of the CFSI 2004 Silent Auction. The Firehouse Expo was a real success, and the silent auction was able to raise over \$4,000 for the Congressional Fire Services Institute (CFSI). Thank you once again for making your donation of the 5 signed copies of Firestorm. Your support is greatly appreciated.

Without your continued help with all of our fundraising events, CFSI would not be able to continue their goal to educate Members of Congress about fire and life safety issues. These added funds will help to promote and pay for two functions with the congressional staffs on the Capitol Hill at the end of August. CFSI will be sponsoring a CPR training day on Capitol Hill as well as a Ride Along program with DC area fire stations.

Thank you once again for your help with furthering fire service legislation and initiatives. We look forward to a great future in working your organization. Please mark you calendars for next year's 17th Annual National Fire and Emergency Services Dinner. It will be held at the Hilton Washington on Thursday, April 7th, 2005.

Sincerely,

Alex Bryant

Dear Michael,

We have received your contribution of **\$100.00** in support of the *CSFA Disaster Relief Fund*. The CSFA Historical Society is managing this fund; a long established 501(c)(3) organization. Your charitable contributions are tax deductible. On behalf of the California State Firefighters' Association (CSFA) and the CSFA Historical Society board of directors, we thank you for your generous contribution. For tax purposes, the Federal ID number is 94-3188766.

The recent California wildfires have been devastating to the lives of many Californians. The victims returned from emergency shelters only to find their homes completely destroyed. CSFA has created the *CSFA Disaster Relief Fund* to help those who were injured in the line of duty and those who experienced detrimental damage to their homes, property, communities or fire departments.

Thank you again for your generous contribution.

Sincerely,

Rhonda Sudderberg

Dear Mr. Archer:

Thank you for your recent check in the amount of \$210.00 to the National Fallen Firefighters Foundation for royalties from the sale of your novel, *Firestorm*. The National Fallen Firefighters Foundation is a nonprofit, tax-exempt, Section 501(c)(3) organization. We greatly appreciate your thoughtfulness and will use the funds for programs to help honor America's fire heroes and assist their families in rebuilding their lives.

The National Fallen Firefighters Foundation provides year-round support programs for the survivors of all firefighters who gave their lives in service to their communities. Scholarships help children and spouses with postsecondary and vocational studies. Peer support programs match survivors so they receive ongoing emotional support from someone who truly understands.

The Foundation works to make sure families know about and receive all of the benefits to which they are entitled. Most of all, we provide emotional support for as long as it is needed. We continue to stay in touch with their survivors. For more information on family programs, please visit www.firehero.org.

Thank you again for remembering America's fallen fire heroes and their families.
